FOR IMMEDIATE RELEASE

**(TriSquare Electronics Corporation, Kansas City, MO)** – TriSquare’s Product Manager, Mark Worthey, will be interviewed on the “Xplor the Outdoors” radio show on December 2<sup>nd</sup>, 2007. Show host Jim Solomon and Mark will discuss and review TriSquare’s new technology **eXRS™** two-way radios. **eXRS** represents the **eXtreme Radio Service™** products, which are digital two-way radios utilizing FHSS technology (Frequency Hopping Spread Spectrum) and offering private and secure communications.

“Xplor the Outdoors with Jim and Patti” is the outdoor radio show that will make a difference in your outdoor world, and can be heard LIVE every Sunday morning from 7-9am (PST time) on the FAN AM 1060 in the Phoenix area. This show can also be heard LIVE around the globe by millions on the internet on [xplortheoutdoors.com](http://xplortheoutdoors.com). Past shows can be heard 24/7 on [xplortheoutdoors.com](http://xplortheoutdoors.com) and [myoutdoortv.com](http://myoutdoortv.com).

To learn more about the TriSquare **eXRS** radios and accessories, search our website at <http://www.trisquare.us> on the World Wide Web or contact Mark Worthey at (816) 505-3575 or [mworthey@trisquare.us](mailto:mworthey@trisquare.us).
